DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 72 and 108 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claims 72 and 108 the recitations "the system being configured or designed" render these claims indefinite. The Examiner suggests that Applicants replace them with --the system configured--. Correction is required.

Allowable Subject Matter

3. Claims 101-107 are allowed.
4. Claims 72 and 108 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

The following is a statement of reasons for the indication of allowable subject matter: The prior art made of record fails to explicitly disclose or suggest taking action to remove the regulated item from an electronic shopping cart associated with the customer in combination with the removal of the regulated item from the electronic shopping cart being based on one or more criteria and the delivery time, as recited in independent claims 72, 101 and 108.
